Hi Cynthia

Just wanted to write to say how excited I am to see the girls.

They grow and change so quickly at this age.

I have a present for Alice and something little for Charlotte.

Im really looking forward to spending some quality time with them.

We were thinking Sunday if the weather holds, but I'll let you firm that up with Darryl.

Also, wanted to let you know that its really not necessary now, but as Im going anyway,
if it makes you more comfortable I will gladly supervise.

GammieHolly 😊

to me

Hi Holly,

Thanks for reaching out and happy belated birthday!

The girls would love to see you again, on your own. Please let me know what time works for you.

Thanks for understanding. I will follow up with Darryl.

Cynthia

I have asked Darryl to have a supervisor that I feel comfortable with. Because of your actions from two previous incidents, I do not trust you as a supervisor

As I have stated before you are more than welcome to come by yourself for a visit.
